

Dear customer,

For the last 28 years SOGEDEX has been an active player and a leading company on the market of "Person identification" in France and in Western Africa.

End 2010, we sold our "card solutions" activities to SCOPUS-OMNIBADGES, a French plastic card manufacturer to concentrate on our core business: Card Accessories and Supplies. It was now time for me to select a company to take over this key activity to enable me to concentrate on usual and time-consuming activities of new retired people.

What a better choice than the French EVOLIS company, the European leader of card printers, who has been awarded in 2008, by our Prime Minister and our Minister of Economy, most creative small size company in France.

What a better choice for the future of SOGEDEX, a company I created 28 years ago, than entrust EVOLIS, an industrial company, listed on the stock exchange, with a young and performing management team.

It is for me a great pleasure to transfer with proud also my company to EVOLIS, who shall run and expand this activity under the name of SOGEDEX Accessories from January 1st, 2012. I would like to express my very best thanks to all our clients, many of them being faithful to SOGEDEX since our early days, who made SOGEDEX the nice and performing company, leader on the market of card accessories as it is today.

I feel confident that you will continue to benefit from the goods services you always received from SOGEDEX over the years, but now also get even more products and services which will also be extended to many more countries.

I wish all of you a Merry Christmas and a happy new year.

**President - founder**

*About Evolis: Evolis (Alternext: ALTVO) develops, manufactures and markets a complete range of on-demand card printers. These printers provide all options needed for graphic, magnetic and electric personalization (chip card with or without contact – RFID technology) of all types of cards (employee badges, student cards, bank cards, etc.). Based in Angers (France) with subsidiaries in Miami (United States) and Singapore and representation office in Shanghai (China), Evolis posted sales of €42.5 million in 2010. The company has 160 employees and is represented in 125 countries in the world.*
